

Cantilever Gates

Bottom rolling sliding door hardware for steel gates up to 1800kg.

Cantilever gate systems are designed for applications where sliding gates are required but the installation of a ground track is not possible or desirable.

Features

- Proven system hardware
- Track free operation
- Strong, maintenance-free sliding gear

Specifications

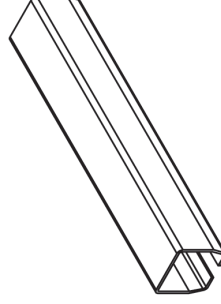

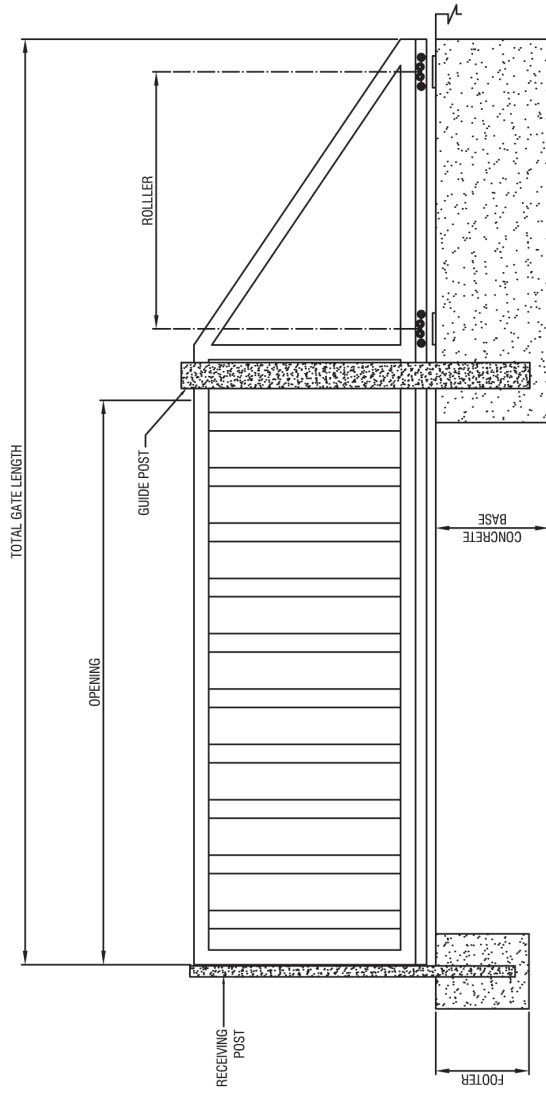

Max door mass: 1800kg
 Max door height: 7600mm
 Max door width: 23000mm
 Door thickness: Min 220mm

The area of a single sliding leaf should be related to all other factors.
